

Song #2

WELCOME TO JAPAN by The Strokes

If we don't watch the sun
It will rise
If we don't take our time
It's not _____

Putting posters up
For your band (Hey, we're playing ... come by)
Now I'll _____ them down
With my hand

I didn't want to notice
Didn't know the gun was _____
Didn't really know this
What kind of asshole drives a Lotus?

Come here and go get with me
I wanna see you Wednesday
Come on, come on, come over
Take it off your _____
Come on and pull me over
We gotta get to work now
Sliding it off your _____
As we're falling over

Oh, welcome to Japan!
Scuba-dancing!
Touchdown!

I didn't want to notice
Didn't know the gun was _____
Didn't really know this
What kind of asshole drives a Lotus?
I didn't want to _____ you
Didn't wanna pick up your shit for ya
I've been ready to do this
I'll be there

Come here and go get with me
I wanna see you Wednesday
Come on, come on, come over
Take it off your _____
Come on and pull me over
We gotta get to work now
Sliding it off your _____
As we're falling over

You did it _____
You did it for fun
You did it for everyone who's on the run
You're not just a friend
You'll be born again
We'll be in this race until the very end
He lives on the phone
He cheats on his _____
You'll never believe me 'til you're on your own
