Alice's Adventures in Wonderland is an **1865** novel written by English mathematician **Charles Lutwidge Dodgson** under the pen name **Lewis Carroll**. It tells the story of a girl named Alice who, subsequent to falling through a rabbit hole, explores a fantasy world populated by bizarre anthropomorphic creatures. The tale plays with **mathematics** and **logic** and is abundant in **puns** as well as **witticisms** and **conundrums**, thus giving the story lasting popularity among adults as well as children. It is considered to be one of the finest examples of the **literary nonsense genre** and its plot, characters and imagery have been enormously influential in both popular culture and literature.
